## DR. HARROWER REPLIES

I have just read a letter to your esteemed journal by one Wilhelm J. Schaeffe, criticizing the proposed Memorial. The tone of this citizen's letter sounds like his name. He asks how many members of the Park and Memorial Committee are property holders—seven out of nine of them. He hints that there are ulterior motives—let him show them. He fears that the money might be mis-spent and urges unusual "checking up every cent"—why fear the honesty of those whom we have elected to run our city.

Finally, our friend Schaeffe is worrying about jobs for the soldiers—will not the Memorial give a little work to them for a few minutes?

Mr. Schaeffe's question as to whether Glendale property owners favor being forced to pay \$200,000 tribute and \$8000 annual premium is not kindly put, nor is it well meant—but it will be answered in the affirmative in due course, at the polls.

HENRY R. HARROWER, M. D.

## PROCEEDINGS OF BOARD OF TRUSTEES

Board assembled at 8 o'clock Thursday evening. All members present. Minutes of the last meeting were read and approved.

An application was presented from the Los Angeles and Santa Paula Daily Express for a permit to operate motor trucks over the streets of the City of Glendale. On motion of Trustee Shaw a hearing in this case was set for 8 o'clock p. m., May 15, 1919, in the council chamber of the City of Glendale.

### Wants Money for Fire Engine

Mr. Baird, representing the American-LaFrance Fire Engine Company appeared before the board and spoke in reference to contract awarded to his company by the City for the purchase of a fire engine, payment for which had not yet been made. Mr. Baird read the report of the Board of Underwriters upon the test of the engine recently made, which report stated that the same was entirely satisfactory, but recommended that some changes be made in certain valves in connection with the same. Mr. Baird stated that owing to certain conditions it had been impossible as yet to secure the valves referred to, but that they would be furnished as soon as possible, and suggested that the amount due on the contract be paid, the City retaining sufficient of said amount to cover the cost of the valves; the amount retained to be paid to the LaFrance company when the valves are installed. Trustee Henry made a motion, which was seconded by Trustee Woodberry, that the engine be accepted and paid for in accordance with the terms of the contract. After certain explanations had been made by Mr. Baird as above mentioned, a motion of Trustee Shaw's was adopted to reconsider Trustee Henry's motion. Trustee Woodberry then offered an amendment to the original motion to the effect that the sum of \$150.00 be retained by the City to cover the cost of the valves. The motion as amended was adopted.

### Wrong Street Number

A communication was read from Blanche L. Daigh of the Smart Shop

on Brand Boulevard, claiming that the latter had been furnished with the wrong street number by the City, and asking that she be reimbursed for the expense of securing new stationery and so forth made necessary by correction of her business address. On motion this was referred to the City Attorney.

### Gasoline Pump

An application was presented from J. L. Maginnis for permit to install a gasoline service pump with tank in front of 521 South Brand Boulevard. On motion of Trustee Woodberry the request was granted.

### Verdugo Canyon Water

A report was presented from the Health Officer furnished by the State Bureau of Sanitary Engineering giving the details and results of certain tests showing the bacteriological condition of the water in Verdugo Canyon. The tests indicated slight contamination in one or two samples.

### Reports Presented

Reports were presented from the City Engineer, Tax Collector, and Building Inspector. Report of the Tax Collector showed the collection since the report presented two weeks ago amounting to \$15,676.52, making the total to date \$82,067.38. Report of the City Recorder was to the effect that collections for the month of April through his department amounted to \$227.00. Report of the Building Inspector showed 17 permits issued at a valuation of over \$17,000.00.

### Adams Street Opening Hearing

The time having expired on April 28, 1919, for protests to be filed against the assessment for the opening and widening of Eighth Street and of Adams Street, the Clerk reported that no protests had been received in the case of Eighth Street, but that in the case of the opening and widening of Adams Street a protest had been filed by A. Lucas Smith and Cynthia L. Smith, who object to the alleged inequality of the assessment. On motion of Trustee Jackson, it was ordered that hearing be set for protests against the opening and widening of Adams Street at 8 o'clock p. m. May 8, 1919.

### Eighth Street

On motion of Trustee Shaw, it was ordered that the assessment for the opening and widening of Eighth Street from the west line of Verdugo Road to the east line of Glendale Av-

enue, Ordinances No. 294 and No. 297, be and is hereby confirmed.

#### Transfer \$1,947.43

On motion of Trustee Shaw it was ordered that the sum of \$1,947.43 be transferred from the Sycamore Canyon opening and widening fund to the General Service fund to reimburse the latter fund for expenditures on account of the opening and widening proceedings.

#### Another Transfer

On motion it was ordered that the sum of \$613.94 be transferred to the General Service fund from the General Budget fund.

It was further ordered that for the purpose of reimbursing the General Budget fund on account of the transfer to General Service fund there be transferred from General Service fund to the General Budget fund the sum of \$150.00.

#### In Reference to P. E. Rates

The City Attorney reported having

attended the hearing before the Railroad Commission of the application by the Pacific Electric Company for permission to increase rates and that the hearing had been adjourned indefinitely. The City Attorneys of the various municipalities affected had made a request that they be given at least 90 days in which to investigate the matter and prepare their cases. It had been stated by the Railroad Commission that that body intended to have several special hearings in places affected by the application. The City Attorney stated that the application for an increase does not affect interurban rates; that it proposes to establish a 2½-mile zone around Los Angeles center of operation within which a 5c fare will apply, and beyond, an 8c fare. The local fares as now existing will, if the application is granted, be increased from 5c to 7c. The railroad company presented statistics showing that 12½ per cent of its receipts is from local

fares. Glendale is very slightly concerned in the matter, but such places as Pasadena, Long Beach, and Santa Monica have a very direct and rather important interest in the case.

#### Increased Telephone Rates

In reference to increased telephone rates the City Attorney reported that upon hearing of the proposed increase he had endeavored to get into communication with Mr. Mason, the manager of the telephone company, but had been unsuccessful. He had been unable to see a copy of the order of the Postmaster General authorizing the increase, but had wired the Director General at Washington concerning the order and had received a reply to the effect that such an order had been made under date of April 25, 1919. He had discussed the matter with Trustees Shaw and Muhleman, and had decided that no action need be taken before Monday next in the matter of the increase of rates by the government, when the telephone and telegraph service comes up before the United States Supreme Court. On motion of Trustee Shaw, the City Attorney was instructed to take such action as in his judgment appears advisable to prevent the collection by the telephone company of the increased rates.

The City Manager had prepared a resolution changing the grade of a portion of Verdugo Road which was presented and adopted as Resolution No. 1075.

Board adjourned at 10 o'clock p. m.

# COMPANY SPRINGS SURPRISE

Telephone patrons were greatly surprised to read in the Los Angeles papers Wednesday morning a display advertisement, announcing that beginning May 1st a toll charge of ten cents per call would be made on all calls between Los Angeles and Glendale or or Burbank, and a five cent charge on calls between Glendale and Burbank. As all will remember, this charge was announced for some time ago, but so determined a fight was made by the people affected, that the matter was dropped for the time being, and patrons supposed it was settled.

A mass meeting of the aroused citizens was called for Wednesday evening, and was held in the High School Auditorium. The matter was most earnestly and thoroughly discussed, and the company may rest assured that the fight is by no means over. Committees were appointed, and every effort will be made to prevent the unjust plan being carried out.

As if to prove that they are not the kind to do things by halves, the company handed its subscribers another pleasant(?) surprise a day or two later by presenting them with bills for the new month with another dollar added to the rental for each business telephone, and 50 cents for each

residence telephone.

There is a unanimous opinion in this part of the country that the action and the methods of the company in this matter are entirely unfair and unjust, and hundreds of people, including many business houses, are ordering their telephones taken out.

## RED CROSS NOTES

The word brought from the Red Cross Conference (held on Wednesday, April 30, at the Alexandria) to the people of Tropico, is this: "Red Cross work must go on, and especially is this true of salvage."

There is greater need than ever of relief work, both overseas and here at home. The slogan adopted by the Salvage Department is "Salvage now more than ever. Bring it in." There will be no house to house canvass, but those who have salvage of any

sort can bring their bundles and deposit them in the box outside the door of the salvage station at 231 San Fernando Road, the Payne block. Wherever there is so much that it is impossible to "bring it in," by telephoning Glendale 814-W it will be called for by either Miss Moulton or Miss Churchill and taken to the station.

Will some one volunteer to help in this work?

## DIES AT LONG BEACH

Ernest D. Gregg, who worked as a blacksmith for several years with his brother-in-law, Harry Hall, on Maryland Avenue, and was later of the firm of Booth & Gregg, conducting the Reliable Garage, died very suddenly at Long Beach Tuesday evening. He and Harry Hall were working in the shipyards and living in apartments in Long Beach. He had been unwell for a few days, but had not stopped work. When he went home Tuesday evening he was feeling so ill that he went to bed at once, and a doctor was called. He fell back dead while being questioned by the physician as to his symptoms. Heart trouble was the

cause. The body was brought to the L. G. Scovern Undertaking company. Mr. Gregg was forty years old.

The funeral was held yesterday at the Little Church of the Flowers, with Glendale Lodge, 1289 B. P. O. E. in charge of the exercises at the grave. The Elks drill team was in attendance.

## W. C. T. U. NOTES

The 35th Annual County W. C. T. U. Convention was held at Pomona, closing April 25. A splendid program had been arranged, and was well carried out.

The innovation of presenting demonstrations by the various superin-

tendents instead of giving reports was well carried out. The various departments were arranged in groups, and the leaders of these groups were Dr. Ella C. Howard, of Long Beach, Mrs. G. T. Stickney, of Pasadena, Mrs. Frances Davenport, Mrs. Eleanor Patterson, and Miss Adda Burch, of Los Angeles.

Greatly to the regret of the convention, Mrs. Kara S. Root, state corresponding secretary, of Glendale, was unable to be present.

Miss Adda Burch received a special vote of thanks for work done in reporting convention to Pomona Bulletin in full, also for excellent work done for California Voice, White Ribbon, and the other papers.

Resolutions endorse President Wilson and the League of nations, memorialize a petition to be sent to the state convention to have it place among its resolutions that the Bible be put in the schools, protest against immodest dress, etc.

A resolution of love and co-operation to Mrs. Kara S. Root in her great work in Japan, and of sincere appreciation of the work done by Dr. R. C. Barton was sent.

The address given by Rev. J. A. Walton on "The Boy and the Cigarette" received hearty applause.

All the former officers were re-elected.

## RAY ELMER COX

Ray Elmer Cox, aged 36, died of ptomaine poisoning last Saturday, April 26th, at his home at 1011 South San Fernando Road. He leaves a wife, a son six years of age, one sister, and one brother. Funeral services were held Monday, in charge of the L. G. Scovern Co. Interment at Forest Lawn.

## LEST WE FORGET!

Congress, in recognizing that a state of war existed with Germany, on April 6, 1917, closed its resolution with the following words:

#### WILL GO TO JAPAN

Mrs. Darwin Root has definitely accepted an appointment to Japan as director of the World Prohibition movement there, and she and Mr. Root have taken advantage of an opportunity to lease their property on Verdugo Road to an acquaintance, a Mr. Briggs of Los Angeles. He has rented it for a year, and will take possession some time this month. Mr. and Mrs. Root will then be guests of Rev. and Mrs. A. B. Smart until Mrs. Root goes. During the absence of Mrs. Root, her ward, Miss Frances Gauntlett, will make her home with the Smarts.

#### UNITY LODGE ENTERTAINS

A very enjoyable dinner was participated in by Glendale Masons and their families and friends on Friday evening of last week. Covers were laid for 120. The dinner was given by Unity Lodge, No. 368.

Following the dinner an interesting entertainment was provided, including songs by little Edna Stewart, of Los Angeles, a duet by Mrs. Roy Masters and Mrs. Eva Cunningham, several readings by Mrs. Calvin Whiting, and several fancy dance numbers by Miss Lois Naudain.

#### Wealth of Africa.

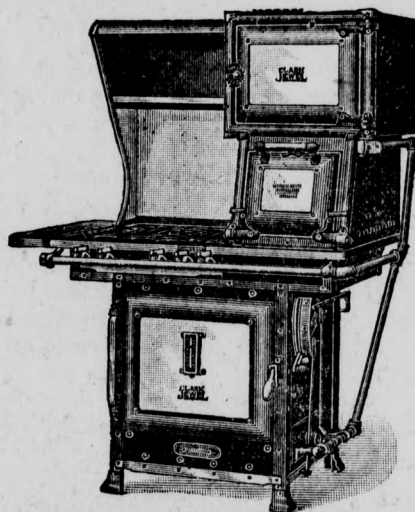

The wealth of the resources of Africa is thought equal to any two of the other continents of the world. For instance, she has "800,000 square miles of coal fields, 95,000,000 acres of fertile farm lands, iron ore equal to five times the output of North America, 90 per cent of the world's diamonds, \$10,000,000 worth of rubber each year, and uncounted millions in ivory, nuts and oil, copper and gold."

#### HIGHWAY BOND ELECTION

Supervisor Jonathan S. Dodge announces that a special bond election will be held on Tuesday, July 1st, 1919, in which only one matter will be presented, namely, a vote on the question of the State issuing \$40,000,000 in bonds for the purpose of

road construction. Of this sum, \$20,000,000 will be used for the completion of highways already outlined and voted upon, and the other \$20,000,000 for the construction of new highways throughout the state.

Election will be held in the usual precincts as heretofore, and polls will be open all day.

Ethel Clayton, the star of "Maggie Pepper," "The Girl Who Came Back," and "Women's Weapons," is due here Monday in her latest picture, "The Mystery Girl." For Wednesday two popular stars are promised in a good comedy drama. "Good Gracious, Annabelle" is the picture, and Billie Burke and Herbert Rawlinson have the leading parts. This is the best picture Billie Burke has appeared in since "Peggy." On the same program is a Lyons-Moran comedy, and "Medbury's Mutterings," a comedy in words, consisting of original sayings on the subject "Babies." Matinee at 2:30. Evening shows at 7:15 and 9:00.

On Thursday, Pauline Frederick appears in her latest and best picture, "The Woman on the Index." You have heard about this picture. Now is your chance to see it. A special comedy feature, "Sally's Blighted Career," will be shown also. Matinee begins at 2:30. Evening shows at 7:15 and 9:00 o'clock.

A new print of an old favorite is coming Friday. This is the new edition of "Rags," one of Mary Pickford's most famous pictures. There will also be a surprise picture, and a Burton Holmes travelogue. The program for this date will be under the auspices of the Columbus Avenue Parent-Teacher Association, and there will be an after-school matinee at 3:30 instead of the regular 2:30 matinee. Evening shows at the regular time, 7:15 and 9:00.

Allen Holubar's wonderful drama, "The Heart of Humanity," will be the attraction a week from today

The funeral of Mrs. Nancy G. Gilkey, of Burbank, was held Monday afternoon at the L. G. Scovern Company's chapel. Interment in Grand

### THE CHEERFUL CHERUB

I haven't a cent or a  
friend in the world;  
I'm simply as wretched  
as mortal can be.  
I bet when I'm rich with  
an automobile  
I'll look back  
and pity this  
poor little me.
